Top Score

Each obstacle is marked with a number of points from 10 to 120

The fences can be jumped in any order by the competitor.

45 seconds will be the allotted time which will start when the starting line is crossed in any direction.

The bell will be rung when 45 seconds have elapsed and the rider must then cross the finish line to establish their time.

Any jump knocked down will score no points and will not be rebuilt.

A jump can only be jumped twice.

A joker fence will be included and have a point score of 200.
If jumped clear 200 points will be added.
If knocked down 200 points will be deducted.

Puissance

This class will take place over two fences, one a spread and one an upright.

A practice fence will be provided which competitors may jump at their discretion; any faults incurred at this fence will not count in the class.

Fences and Football

This is a speed class.

A course of fences is jumped against the clock.
